

# Fury™ 1500 DCP Burnisher

Gloss, shine, "wet-look" – however you define it, the Fury 1500 DCP makes it a reality.

*Fury 1500 DCP*

Contractors and in-house cleaning professionals will appreciate the Fury 1500 DCP's durable construction. The Fury 1500 DCP is built of rugged cast aluminum with a powder epoxy finish able to withstand years of use. The 1.5 HP motor, is equipped with a carbon brush wear indicator light and carbon brushes rated for 3,000 hours of operation. The Fury 1500 DCP

comes with a flexible pad driver, sturdy steel handle for stability and control and ergonomic squeeze grips to minimize wrist fatigue associated with a twist style actuator. Built to bring out the shine in your floor, reliably day after day, year after year.

# Product Features & Benefits

## Brush Wear Indicator Light

Pacific's brush wear indicator light takes the guess work out of when carbon brushes need to be changed.

## Non-marking Bumper

Pacific's non-marking burnisher bumpers are permanently attached by stainless banding and guides to ensure that the bumper does not come off or become dislodged.

## Heavy Duty Housing/ Strain Relief

Durable cast aluminum switch housing and metal switch levers are designed for easy access and years of rugged use. The heavy duty strain relief also ensures trouble free operation.

## Thick Bases

The 1500 DCP has a .3995" thick cast aluminum base built for use year after year.

## Industrial Strength Bearings

All units carry dual, industrial grade, 4 point flange, self-aligning bearings. This system offers up to 5 times the service life of conventional roller bearings.

## Heavy Duty Yolk

Pacific burnishers have sturdy, durable cast aluminum yolks to withstand the rigors demanded of your floor care equipment.
